Dear Library Patron,

September is ushered in on winds of change.

For many, especially younger people, it means the beginning of a new school season and adventures that await there.

For others, September promises a return to some predictability; a routine after the care-free, relaxing, or chaotic days of a summer holiday season.

Then, for some, the turn of the calendar means the approach of much-appreciated cooler temperatures, dispersal of busy shore crowds, and the settling-in to a longer season marked by holidays and celebrations.

This September we at the library are marking a particularly large change.

Teri Stich, after a nearly 30-year career in service to the patrons of Freehold Borough, is retiring. Teri has been the "glue" of the library in many ways visible and invisible. Her talent, professionalism, knowledge and enthusiasm for the work and this community have served as example for the library team. As the first face, or voice, that the public often

encounters, Teri has demonstrated how important the "personal touch" is in an operation such as this.

The epitome of one who goes "above and beyond" the job description, Teri will be missed not only for her efficiency, strength, and skill, but for the grace, sensitivity and humor she naturally employs as she goes about her work.

So, to Teri, we all wish you "fair winds and following seas" on your next adventures. You'll be traveling light, but the gratitude and best wishes heaped upon you by everyone in Freehold will, I trust, be no burden at all.

Sincerely,

Library Director

Kathy Mulholland
